Fig 1. Buy/Long: Century Aluminum (CENX)

Source: Spyglass Research and Stockcharts.com

A one-year decline followed by a five month plus base. Now sees a tentative break above horizontal resistance. Seeing modest relative outperformance in '19 shows accumulation.

Fig 2. Sell/Short: ABIOMED (ABMD)

Source: Spyglass Research and StockCharts.com

Breaking below key support. Now trades below falling 50 & 200 DMAs. May test 225 support or downtrend's lower edge before the current decline is done.

## IMPORTANT DISCLOSURES

### IMPORTANT DISCLOSURES:

Spyglass Enterprise, LLC (“Spyglass”) does not guarantee the accuracy or completeness of this publication, nor does Spyglass assume any liability for any loss that may result from reliance by any person upon any information contained herein. The information and opinions contained herein are subject to change without notice and are for general information only.

This publication is for our clients only. Any unauthorized use or disclosure is prohibited without our prior written consent. Receipt and viewing of this publication constitutes your agreement not to redistribute, retransmit or disclose to others the contents, opinions, conclusion(s) or information contained in this publication.

This publication is based on public information that we consider reliable, but we do not represent it to be accurate or complete, and it should not be relied on as such for any purpose including making investments. Publications may be published at irregular intervals as appropriate in the analyst’s judgment. Opinions expressed herein reflect the opinion of Spyglass and are subject to change without notice. Spyglass does not represent that it will update this publication or make any notification of changes in its views or opinions.

This publication is not an offer to sell or the solicitation of an offer to buy any security. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations or needs of any individual client. Spyglass Enterprise, LLC, its members, employees and affiliates are not responsible for any investment decision made by a reader.

Clients should consider whether any advice or recommendation in a Spyglass publication is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of the investments referred to in this publication, and the income they generate, may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Certain transactions, including those involving futures, options and other derivatives, give rise to substantial risk and are not suitable for all investors. Fluctuations in exchange rates and other economic factors could have adverse effects on the value or price of, or income derived from, certain investments. Small and micro-cap securities are often more volatile, less predictable and involve higher risk levels than large cap securities.

Members, employees or family members of Spyglass may hold and trade in the securities mentioned in its publications without restriction and Spyglass does not represent that it will disclose when its members, employees or family members hold or trade in securities mentioned in a publication. At any moment in time, a member of Spyglass Enterprise, LLC, its employees or family members may hold or trade in positions that are in line or contrary to the recommendation made in a publication, particularly if a publication is read at date later than its publication.
